

TAPPING INTO HEALTH, WEALTH, AND FREEDOM

ALINA FRANK, CERTIFIED EFT & MATRIX ENERGETICS PRACTITIONER

The Emotional Body

"The key that explains how energy heals, how mind becomes matter, and how we can create our own reality is the emotions" Candace Pert, Ph.D.

I see this dynamic all the time in my practice. If a woman experienced an angry father in her childhood and never really processed her powerlessness, then she will attract the same sort of scenario in her romantic or professional life as an adult. She will be trapped in an endless cycle of painful experiences until they are so draining that she might contract/attract a disease, a psychological disorder, or worse.

Psychological Reversals Offer Extended

My graphic designer has asked for an extension on her deadline. While she works away at a new design for this series I am extending the offer by another week. If you have read this email newsletter long enough, you know that I always harp on the importance of finding and collapsing psychological reversals in order for permanent healing to occur. MP3s are \$14.99 plus tax versus \$24.99 plus shipping once it is converted to a CD. 40 min audio includes a live session.

Operation: Emotional Freedom

As a volunteer coach and researcher for the Stress Project.org I am proud to announce the release of the documentary film that chronicles the success of EFT on combat vets. To see a clip and get a copy, please click on the link. I am still offering 6 free sessions to qualifying vets

What's Your Money Archetype

Most people make decisions and exhibit behaviors regarding their finances based on completely subconscious operating systems. These fall into predictable archetypes. Knowing which archetype(s) you tend to fall into will assist you in creating true security and abundance. Here is a description of the most common type I see in my practice. Tapping statements are also included. I will be creating statements for all types in my upcoming newsletter based upon the work of Brent Kessel. #1 **The Guardian**
